

Coronavirus

Coronavirus is like a bad cold.

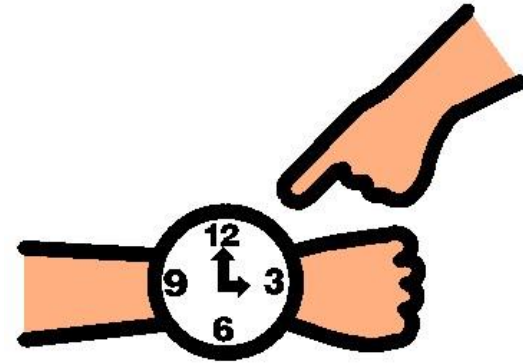

Everyone is trying to keep me safe
from getting this cold.

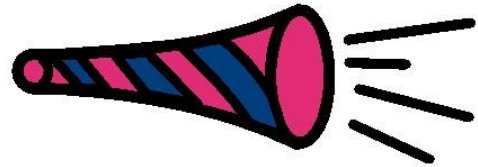

I need to wash my hands to stay safe.

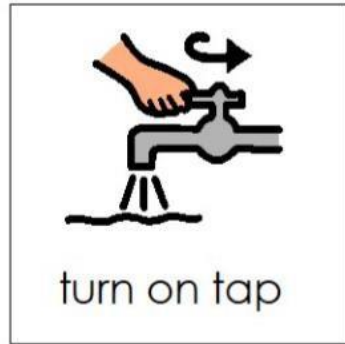

I wash my hands for a long time.

I can sing “Happy Birthday” twice while I wash my hands.

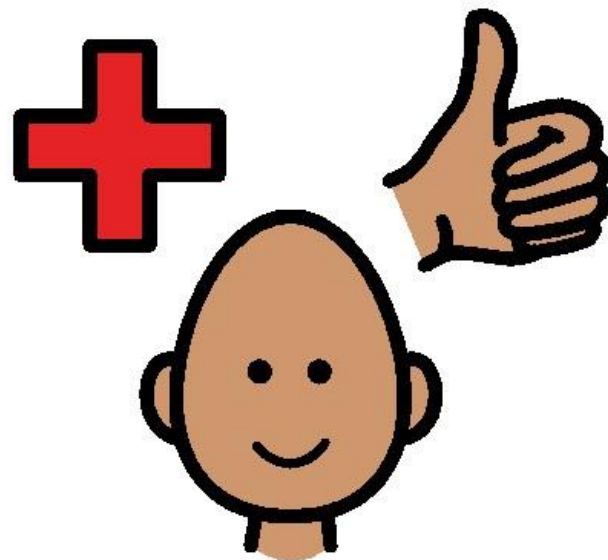

I wash all over my hands and
between my fingers.

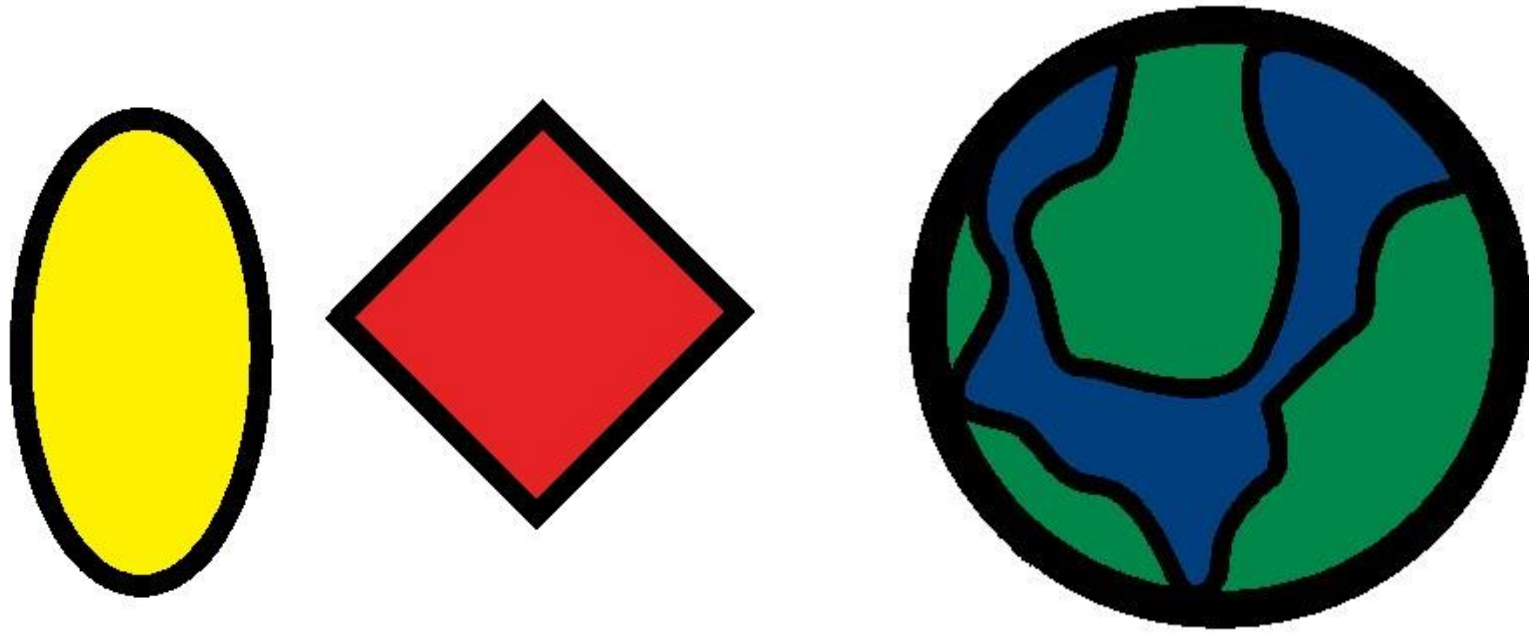

An adult can help me to wash my hands.

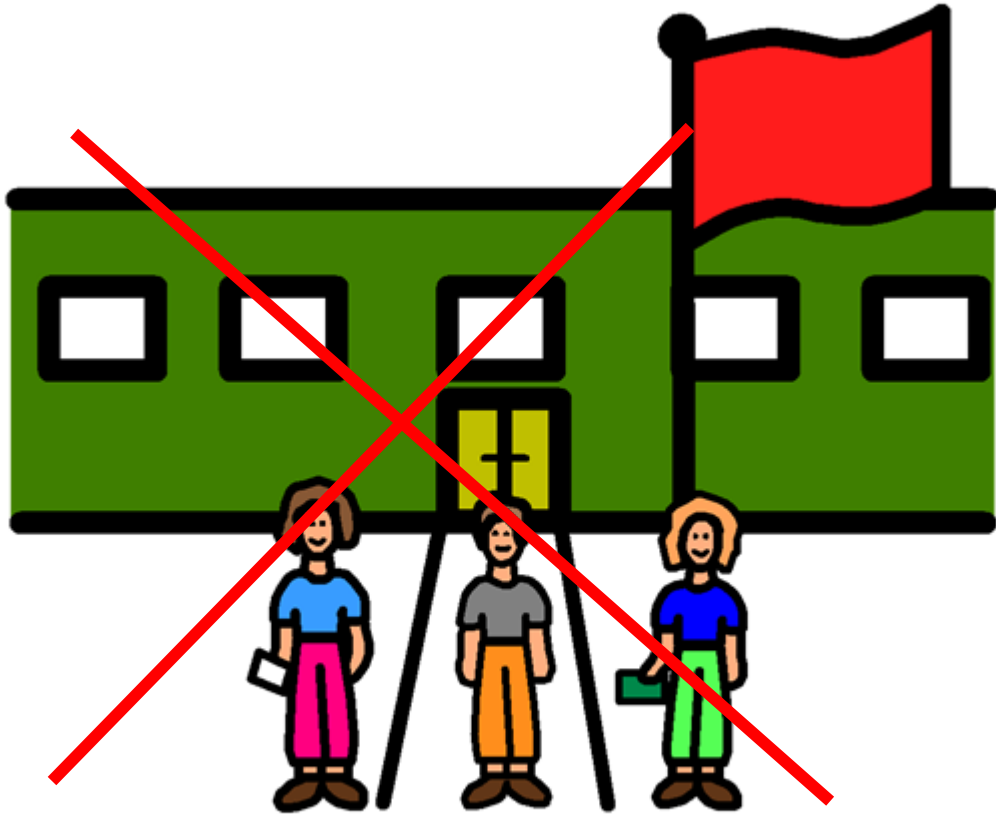

This helps to keep everyone safe and healthy.

Because of the Coronavirus, things in the world are different right now.

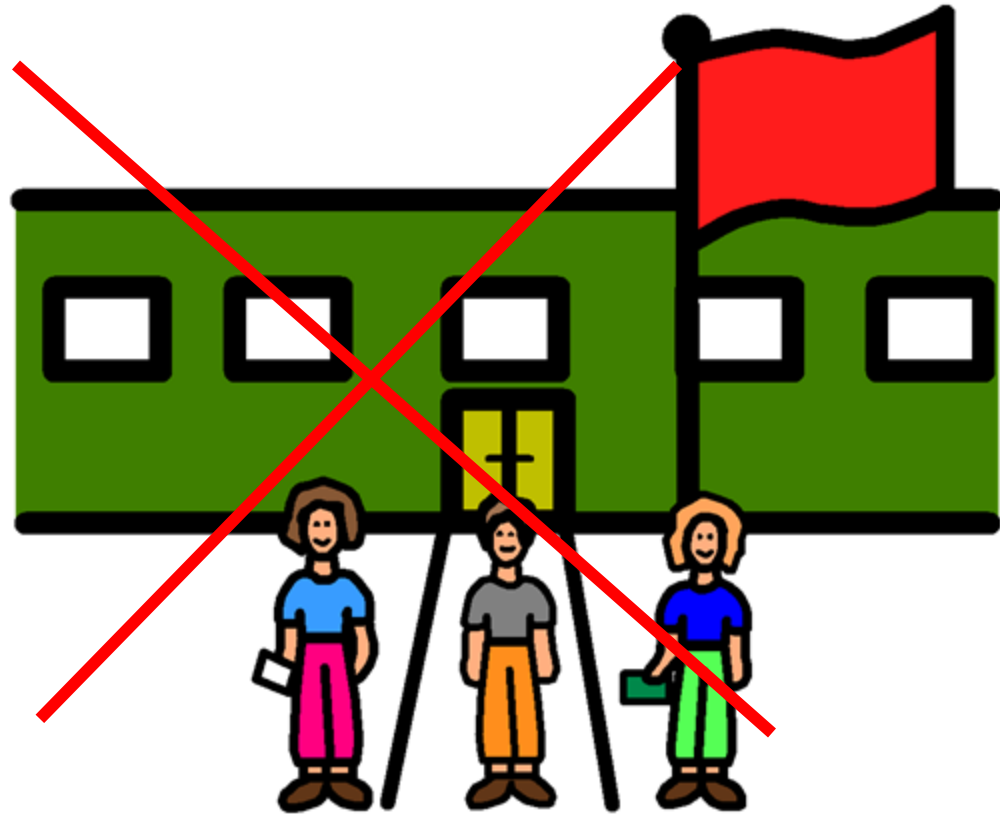

Holidays are starting early.

This means there will be no school.

no

I will stay at home while the holidays
are on.

An adult will tell me when it is time to go back to school.
